

National Careers Week

NCW

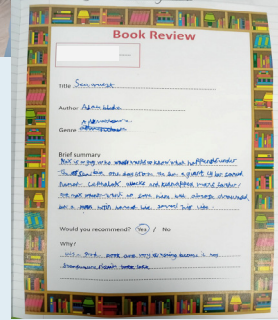

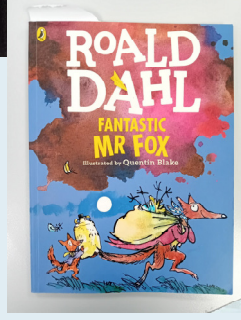

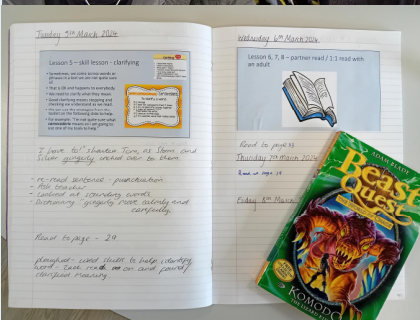

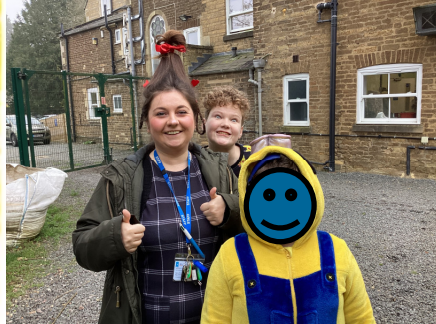

Did you work out where we have been for this year's National Careers Week?

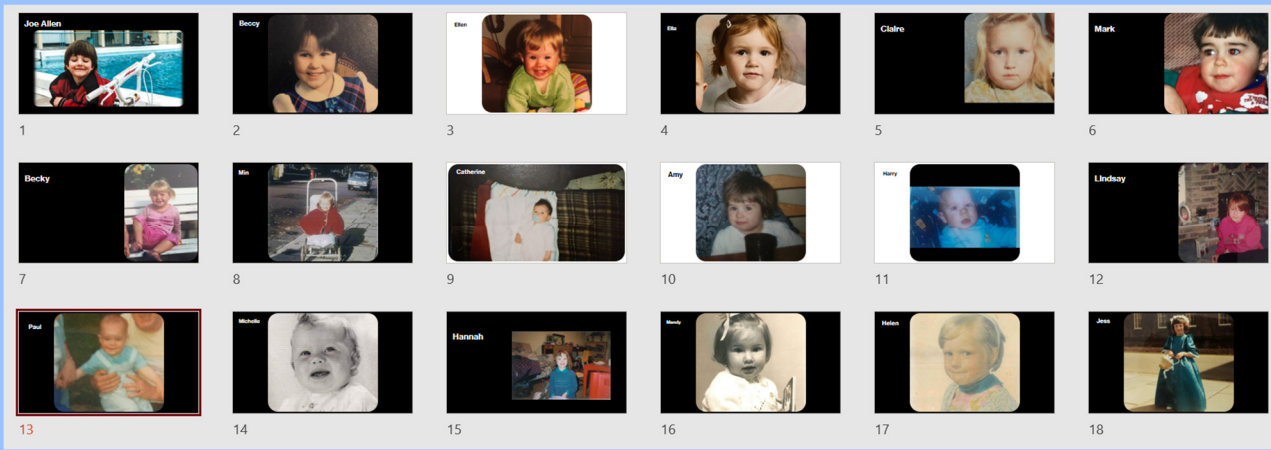

We will be publishing a Careers Week Special Newsletter next week, once all the photos are in.

WORLD BOOK DAY

Pupils enjoyed a staff baby book quiz! They had to work out who the baby was and then they knew which books were staff's childhood favourites.

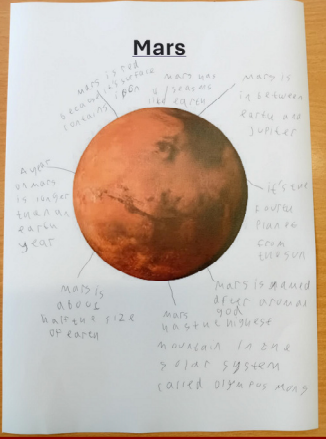

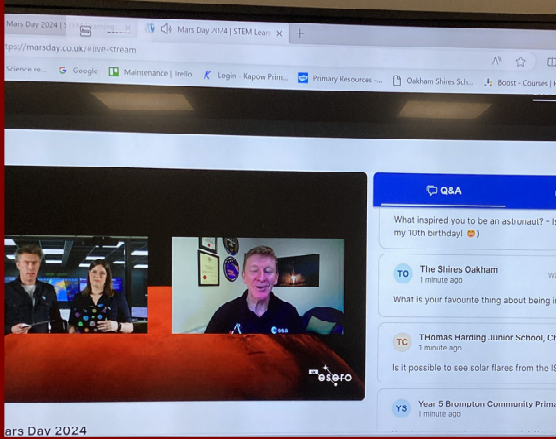

Ash Class did a jelly experiment measuring the amount of time it took for the jelly to set depending on the fruit they put in the jelly. They used grapes, melon, orange and apple plus a plain pot as a control.

Journey to Mars!

Palm Class put a bicarbonate of soda tablet into a canister half full of water. Ruth then put the top on whilst pupils stood back. The gas produced made their rocket fly into the sky!

Message from Michelle.

For those of you that are not aware, I got married last October! As such, my name changed from Giddings to Jordan. However, such as these things are, the name change has taken a while to click over across our IT systems . So this is a “heads up” that if you get an email or correspondence from Michelle Jordan, it is me!!
