Flying in the Future Competition Winner

We are incredibly proud of Oscar Moody, one of the winners of the East Midlands Airport, Flying in the Future competition, celebrating the Airport's 60th Anniversary. With over 120 entries from 18 schools across the region, Oscar was picked as one of the winners.

What might flying look like 60 years in the future?

Local school children were asked to share their vision in a special competition organised by East Midlands Airport.

Oscar received his prize of a voucher and goodie bag

Oscar attended a special celebration event held at the Aerozone, East Midlands Airport's education centre, where winners had the opportunity to explore the world of aviation through the different interactive activities offered.

Oscar enjoyed a landside tour of the airport, including trying out some of the emergency services duties.
