Pupil Food Wins!
This week **3** pupils
have tried new foods,
well done!

We would like to welcome Jonah,
who has joined us as a TA.

The School Council are going to be helping to
implement the Unicef Rights of the Child.

This week they will be finding out what the
children think our school values should be

CORE SCHOOL VALUES

Core school values are the fundamental principles that guide the overall culture and mission of a school.

OVERVIEW

Core school values serve as a compass for decision-making and social interactions within the school community. They are the shared beliefs and ideals that promote a positive and inclusive learning environment. Core school values typically include concepts such as respect and collaboration, fostering a sense of academic excellence.

EXAMPLE

- **Respect:** We value and honor the diverse perspectives and identities of all individuals within our school community.
- **Integrity:** We promote honesty, transparency, and ethical conduct in all academic and social interactions.
- **Responsibility:** We encourage students to take ownership of their learning and the well-being of others.

Autumn Term 1

Issue 186 26th September 2025

At school, we follow rules that help keep everyone safe.

A new important rule is:
No nuts are allowed at school.

Please note that we are now a nut free school. Please ensure that your children are not bringing any food into school that contain nuts. We will be sharing this information with the students too.

An e-mail communication has been sent to all parents and carers this week with a copy of a social story you can use to support your conversations with your child.

Please have a read through this information on Snapchat, shared with us by Lincolnshire County Council. If you would like any further information please scan the QR code below.

Snapchat

What is Snapchat?

Snapchat is a messaging app where users (13+) can send and receive messages, videos and pictures

Disappearing messages

Snapchat's servers are designed to automatically delete all Snaps after they've been viewed. These disappearing messages create the perfect conditions for cyberbullying, online predators, and secretive behaviour that's hard to track. Just because the messages 'disappear' from the chat, screenshots still allow them to be saved.

Location Sharing

Sharing your location Potential Dangers:

- Safety Concerns
- Stalking and Harassment
- Unwanted Attention
- Privacy Violations
- Account Compromise
- Obsessive Behaviour

"Ghost Mode" allows you to hide your location on the Snap Map, making it invisible to other users, and can be turned on and off or set with a timer.

Potential risks

- sharing of harmful content
- contact with strangers
- grooming
- cyber bullying
- image sharing

Reporting and Blocking

On Snapchat, you can report concerning content or accounts by pressing and holding on the content or the Snapchatter's name and selecting "Report". Blocking a user prevents them from viewing your Story, sending you Snaps, or chatting with you.

Family Centre

Family Centre helps parents get more insight into who their teens are friends with on Snapchat, and who they have been communicating with, while still respecting their teens' privacy and autonomy.

Parents can -

- View their child's friends list
- See which profiles have been newly added
- See who their teens have recently interacted with
- Limit their child's exposure to sensitive content
- Report any concerning profiles to Snapchat
