Welcome Back

Its been a very busy first week back at School. The students have taken part in a range of learning and activities such as trampolining, badminton, art, pool, golf, board games and lego to name a few!

Millie the dog also enjoyed the sunshine and had a paddle in Rutland Water during a trip with a group of students who made the most of the lovely weather.

New Episode of Autism Unpacked Now Live

In the latest episode of **Autism Unpacked**, Educational Quality Advisor for Maths, **James Birchenough**, shares his insights on Maths Anxiety, including how to recognise the signs and practical strategies to support pupils.

National Careers Week 2026

Information for Parents

National Careers Week runs from 2nd to 7th March 2026. As part of this, NCW offers parents a chance to learn more about different careers paths their young people can take.

The theme for 2026 is "Own Your Future," which encourages students to research different career paths, ask better questions, and start making clear plans.

Parents can download the Parents' Guide to Careers for 2026, which offers essential information to help their teens explore career options, understand different pathways, and make informed choices about their future. The guide highlights opportunities in a wide range of industries, including the growing sector of green careers, which focus on sustainability and environmental impact.
